# HUMANHOIST®

POWER SHOP CHAIR

## Personal Positioning Technology® For the Workplace

### **Prevent Cumulative Trauma Disorder**

**Implementation of  
 Human Hoist for  
 work  
 requiring bending,  
 stooping and  
 crawling can pre-  
 vent long term  
 injury to joints and  
 help eliminate  
 sprains and strains  
 caused by  
 over-reaching from  
 a poor position.**

Stops Anywhere along it's travel-  
 Infinite Adjustability!

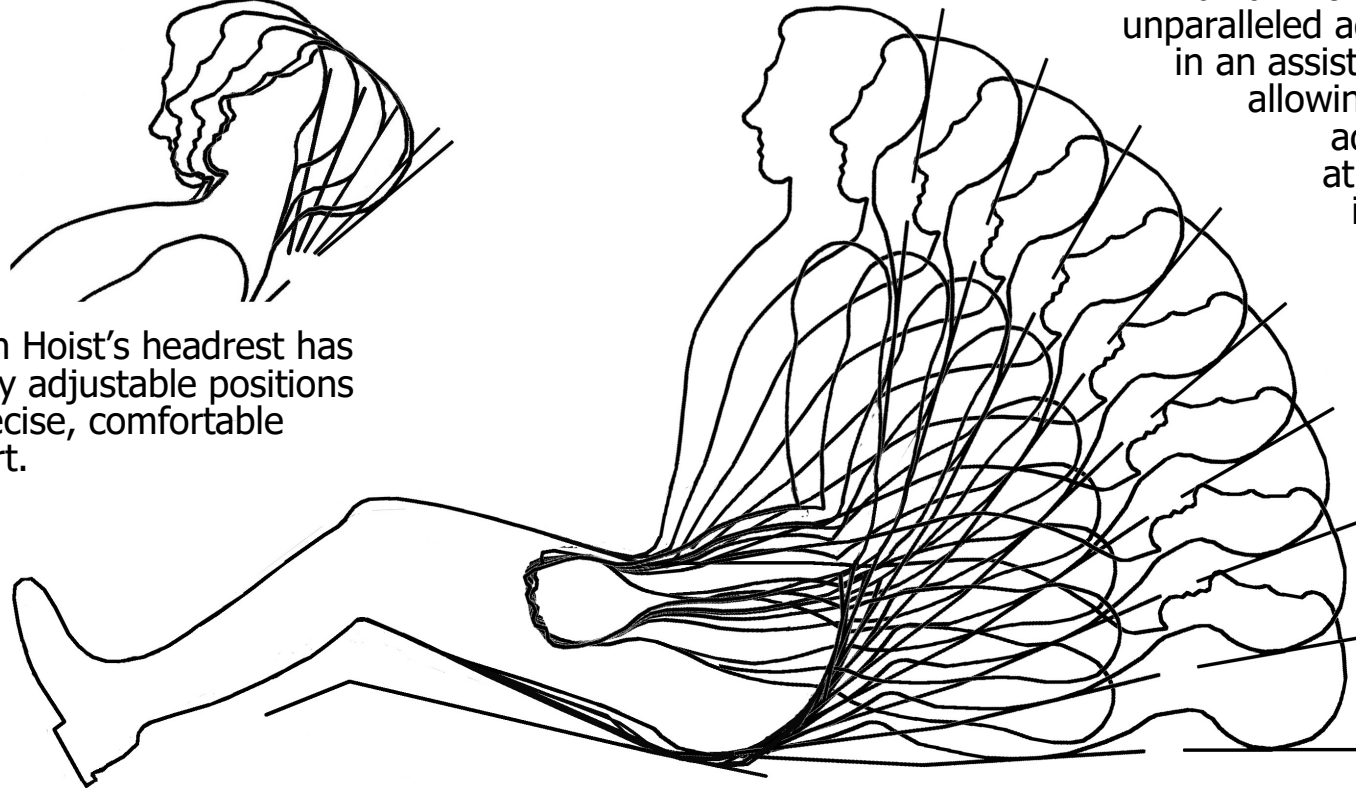

***Human Hoist®, the World Leader in Personal Positioning®***

Human Hoist is constructed entirely of polished 304 Stainless Steel and Aircraft Aluminum for decades of reliable service. Powered by rechargeable Lithium Ion Batteries, Human Hoist will operate all day on a single charge. Precision Ball Bearing casters glide effortlessly with almost no breakaway force. Brakes on all wheels Keep Human Hoist where users need it.

Human Hoist's headrest has 5 easily adjustable positions for precise, comfortable support.

Human Hoist provides unparalleled adjustability in an assistive device, allowing backrest adjustments at 10 degree increments when the seat is at it's lowest point.
